Details

This is the submission point for Task 2. For full details about this task, see the [Task 2 guide \(https://learn.usc.edu.au/courses/35242/pages/task-2-data-visualisation-report-and-creative-artefact\)](https://learn.usc.edu.au/courses/35242/pages/task-2-data-visualisation-report-and-creative-artefact).

□ AI-Supported Learning Statement

This task permits the responsible and ethical use of artificial intelligence (AI) tools to support your learning and completion of some aspects of this task.

The work you submit for this task must remain your own.

This means:

- The ideas, arguments, and final responses you submit must be your own work.
- Your submission must reflect your understanding, voice and learning.
- You are responsible for checking the accuracy, relevance, and ethics of any AI-assisted content you use.
- You must acknowledge the use of AI in your submission.

Please refer to the [Artificial Intelligence for Students Guide \(https://libguides.usc.edu.au/ai-students\)](https://libguides.usc.edu.au/ai-students) for guidance on how to use AI responsibly and how to [acknowledge your use of AI \(https://libguides.usc.edu.au/ai-studentguide/responsible#s-lg-box-23112449\)](https://libguides.usc.edu.au/ai-studentguide/responsible#s-lg-box-23112449).

While you may use AI as outlined in the assessment instructions, you must ensure that the authorship of the work remains your own. Do not hand over (transfer) or give up (relinquish) authorship, and do not falsify or fabricate any content or supporting documents.

NOTE: For this task, the **use of generative artificial intelligence (AI) is regulated to brainstorming and generating ideas in the preparation of this assessment**. Additionally, you may use AI tools to refine or edit your final submission. In this case you may be required to provide a copy of your assessment with no AI editing, as an appendix of the final submission. Please note that while the limited use of AI tools is permitted in this task, their use will not be beneficial. **If you choose to use AI you must acknowledge it.**
